## SURVEY SUITE

TAKING PULSE SURVEYS TO A NEW LEVEL

Are you looking for a low cost, simple, self-service tool that empowers you and your leaders to make **stronger** and **faster** data-driven decisions?

There is a constant need for continuous, predictive, and actionable data; yet, you continually run into the same old issues and dysfunction that makes fulfilling this need a near impossible task. OnDemand is the only pulsing system on the market to offer a full suite of tools that enables you, your leaders and your HR business partners to keep your focus on engaging the workforce and winning over customers.

The OnDemand Survey Suite includes simple yet powerful analytical tools and statistically validated survey instruments:

ONBOARDING  
SURVEYS

SURVEYS

ENGAGEMENT  
SURVEYS

FEEDBACK  
SURVEYS

EXIT  
SURVEYS

Empower leaders to launch surveys when the time is right, control the administration process, and act on real-time data. We help you maintain the right amount of control and visibility by allowing oversight of survey releases, full visibility into survey results, and collaboration and monitoring of action plans. Help your leaders go from surveying to taking action in minutes – not months.

- ✓ Give leaders the ability to select the right questions at the right time
- ✓ Allow leaders access to data from their direct reports with Organizational Structure user management
- ✓ Create Adhoc reports, roll-up reports, and aggregated reports from multiple surveys or multiple groups/users
- ✓ Ensure data accuracy by preventing inconsistent items and scales from being used to collect data
- ✓ Breeze through comments with the help of text analytics and sentiment analysis tools
- ✓ Compliment, supplement, or replace your annual surveys
- ✓ Eliminate the need for separate survey systems and increase integration and collaboration across your organization

- ✓ **Low cost – Under \$2 per employee per year**
- ✓ **Unlimited surveys & unlimited users**
- ✓ **Requires minimal training**
- ✓ **Customizable to meet your most complex survey needs**
- ✓ **Real-Time Dashboards**
- ✓ **Normative Benchmark comparisons**
- ✓ **Unified action planning collaboration tools with best practice suggestions**
